FOREWORD

Praise and gratitude we offer to God Almighty, because by His grace we were able to successfully complete the LPPM-UPGRIS Annual Report for 2024. The LPPM-UPGRIS Annual Report for 2024 was created to provide information on LPPM's performance in conducting research and community service activities carried out by lecturers at Universitas PGRI Semarang in 2024.

In general, LPPM's performance in 2024 met the targets set in the LPPM operational plan. Research performance under the university's internal funding scheme (APBU) resulted in **118 research titles**, involving 263 lecturers (77.5%) of the total active lecturers, with a budget of **Rp 1,456,000,000**. Similarly, under the DRTPM grant scheme, absorbed **Rp. 3,608,583,000** to fund **36 titles** involving 64 lecturers (18.9%). Similar to the research, the performance of the community service sector in the university's internal funding scheme (APBU) produced **98 titles**, as seen in the absorption of allocated funds of **Rp. 787,690,000**, involving 256 lecturers (75.5%). Meanwhile, in the funding scheme The DRTPM has absorbed **Rp 1,803,787,000** to fund **20 titles** involving 48 lecturers (14.2%). This achievement requires further intensive efforts to achieve the expected target for the coming year.

Research and community service outcomes generally exceed established targets. Research and community service outputs are continuously developed and encouraged, not limited to publication of research results or articles in national or international journals, textbooks, and copyrights. They are also expected to produce appropriate, patented, and downstream innovations that can be commercialized.

The LPPM's performance achievements are inseparable from the hard work and excellent cooperation of all parties. Therefore, we extend our gratitude to the Chair of YPLP PT PGRI, the Rector, Vice Rectors, Directors, Deans, structural officials, lecturers, and educational staff within the institution. PGRI Semarang University for its support and cooperation.

This annual report is important for self-reflection and evaluation purposes, allowing for future improvements to LPPM UPGRIS. This report is far from perfect and still has many shortcomings. Therefore, criticism and suggestions for improving this Annual Report are highly appreciated. We hope this report will be of value to all parties interested parties.

Semarang, December 31, 2024
Head of LPPM UPGRIS

Dr. Wiyaka, M.Pd.

EXECUTIVE SUMMARY

Ranking of LPPM Universitas PGRI Semarang until 2024 in the field of research and community service entered **the main cluster** (Decree of the Director General of Research and Technology and Community Service No. 1114/E5/PG.02.00/2024) dated December 4, 2024. This ranking brings logical consequences to the responsibility as well as a driver to work harder to continue to improve the performance achievements of research management and community service within the PGRI Semarang University environment.

The 2024 Annual Report of the Institute for Research and Community Service of PGRI Semarang University is prepared to present information on the performance achievements of LPPM during 2024 which includes: research field performance; community service field performance; research and community service output performance; activities of each center in LPPM; *Capacity Building*; and performance of cooperation with various parties.

Research performance under the university's internal funding scheme (APBU) has met its target. The number of research titles has exceeded 100% of the established performance indicator of 100 titles. Lecturer involvement in new research has reached 77.5% of the 339 targeted lecturers. Under the Ministry of Education, Culture, Research, and Technology's DRTPM grant scheme, funded research has reached over 100% (36 titles) of the target of 30 titles, both in the national competitive scheme, decentralized, and scientific research. Lecturer involvement in new research has reached 18.9% of the 339 targeted lecturers. Detailed research field performance can be seen in the following table.

Table 1 Number of Research Titles and Lecturers Involved in 2024

No	Scheme	Number of Titles		Number of Lecturers	
		Target	Achievement	Target	Achievements
1	UPGRIS Internal Fund	100	Achievement	339	263 (77.5%)
2	DRTPM Funds	30	118 (100%) 36 (100%)	339	64 (18.9%)

Meanwhile, the amount of funds absorbed through the university's internal funding scheme (APBU) was Rp. 1,456,000,000, and the DRTPM grant absorbed **Rp. 3,608,583,000**.

Judging from the development of research performance from 2022 to 2024, the number of research titles increased, especially starting in 2023, both through internal university funding and grants from the Ministry of Education, Culture, Research, and Technology. The amount of funding absorbed through internal funding has increased annually.

In the DRTPM grant scheme, the amount of funds also increased throughout 2023 to 2024. Table 2 below details the number of titles and the amount of funds absorbed from 2022-2024.

Table 2 Number of Research Titles and Amount of Funds Absorbed in 2022-2024

No	Source of funds	Number of Titles			Amount of Funds (Rp)		
		2022	2023	2024	2022	2023	2024
1	Internal UPGRIS (APBU)	77	100	118	1,000,128,000	1,432,738,500	1,456,000,000
2	DRPTM Grants (National Competition and Decentralization)	22	27	36	2,952,622,000	3,298,734,000	3,608,583,000
3	Scientific Research	4	0	0	345,000,000	0	0
4	MBKM P2M Programs	0	0	0	0	0	0
5	Partners (City Government, CSR)	0	0	0	0	0	0
Total per year		97	127	154	4,297,750,000	4,731,472,500	5,064,583,000

Almost the same as research performance, the performance of the community service sector in the university's internal funding scheme (APBU) produced 98 titles (100%) of the target of 86 titles. which absorbed funds amounting to Rp. **787,690,000**. Meanwhile, the achievement of lecturer involvement was 75.5% of the target of 339 lecturers. In the DRTPM grant fund service scheme, funds amounting to Rp. 1,803,787,000 have been absorbed to fund 20 titles (100%) of the target of 16 titles. Lecturer involvement has only reached 14.2% of the targeted 339 lecturers. Table 3 is a breakdown of the number of community service titles and the lecturers involved.

Table 3 Number of Community Service Titles and Lecturers Involved in 2024

No	Scheme	Number of Titles		Number of Lecturers	
		Target	Achievement	Target	Achievements
1	UPGRIS Internal Fund	86	Achievement	339	256 (75.5%)
2	DRTPM Funds (PKM, PW, PDB, and IRT-UM)	16	98 (100%)	20 (100%)	339 (14.2%)

Table 4 below details the development of the number of community service titles and the amount of funds absorbed based on the service scheme from 2022-2024. Under the internal funding scheme, the number of titles increased, and funding absorption tended to increase compared to 2022-2023. Under the Ministry of Education, Culture, Research, and Technology grant scheme, both the number of titles and funding absorption increased.

Table 4 Number of Community Service Titles and Amount of Funding in 2022-2024

No	Source of funds	Number of Titles			Amount of Funds (Rp)		
		2022	2023	2024	2022	2023	2024
1	Internal UPGRIS (APBU)	78	74	98	554,630,000	677,780,000	787,690,000
2	DRTPM Grants (PKM, PW, PDB) 10 11 19				612,464,000	753,835,000	1,325,767,000
3	Housewives-UM	0	0	1	0	0	478,020,000
4	Kedaireka	3	0	0	963,970,000	0	
Total per year		88	85	118	2,131,064,000	1,431,615,000	1,803,787,000

Nevertheless, the performance of research and community service outputs is quite encouraging. In general, research and community service outputs exceeded targets. However, there are several outputs that require continued improvement. The performance of research and community service outputs is evident in the number of journal publications, textbooks/texts, scientific forum presenters, intellectual property rights (IPR), and other outputs, as shown in Table 5 below.

Table 5 Research and Community Service Output Performance in 2024

No	Performance Indicators	Indicator	Achievement Indicators	Achievement %

The development of scientific journals, both managed by the Institute for Research and Community Service (LPPM) and by each study program, continues to improve, both in terms of management and ranking status. However, many journals still need to be continuously encouraged to improve their rankings. Table 6 below shows the journal ranking status and number of scientific journals managed by the LPPM and study programs at Universitas PGRI Semarang.

Table 6 Status and Number of Scientific Journal Rankings at UPGRIS

No	Journal Status	Category	Amount	Manager
1	International		7	LPPM & Study Program
2	National Indexed Sinta	Sinta 1/Scopus	1	LPPM
		Sinta 2	0	-
		Sinta 3	7	LPPM & Study Program

4	Bulletin		1	LPPM

Each center head at LPPM has implemented previously planned programs. Activities are more focused on preparing and improving the quality of education.

Human resources in the UPGRIS environment are related to the fields handled and develop knowledge/study in the field of study through exhibition activities, seminars, training, short courses, mentoring, and collaboration with related agencies and organizations at the regional, national, and international levels.

Capacity Building is aimed at educational staff, heads of centers within the LPPM environment, and lecturers at Semarang PGRI University. *Capacity building* is intended to improve the knowledge, skills, attitudes, and behavior of existing human resources. *Capacity building* is carried out in various ways according to the interests and needs of the Institution, including through participation in outreach activities organized by the provincial government and the central government (Ministry of Education, Culture, Research, and Technology), seminars, workshops, and mentoring.

by inviting resource persons from within and outside UPGRIS. Collaboration has been established with several government institutions and communities, both through research and community service activities, as well as joint activities in the form of talk shows, seminars, or training.

1. PUSPAGA Semarang City
2. Indonesian Journal Volunteers
3. LPPM Sultan Ageng Tirtayasa
4. Women and Children's Service of Central Java Province
5. Department of Women's Empowerment and Child Protection, Education Control and Family Planning Agency of Sleman Regency, DIY
6. DP3AP2KB Central Java Province
7. State Vocational School 1 Blora
8. Diponegoro University Business Incubator
9. Women's Empowerment Service Center (PUSPELPP)
10. BAPPEDA of Central Java Province

11. Semarang City Regional Development Planning Agency
12. Central Java LPPM Communication Forum
13. BKKBN Central Java Province
14. Population Control and Family Planning Service, Semarang City, Implementation
Online Marketing Training for UPPKS Semarang City
15. Central Java Regional Disaster Management Agency, Disaster Resilient Village through KKN
16. State and Private Universities in the LLDIKTI Region VI Central Java.
17. Universities or educational institutions abroad.

Several activity programs designed for 2024 have been implemented, but several activities have not yet run as they should due to several obstacles faced, including (1) frequent delays in collecting reports on research results and community service, making it difficult for LPPM staff to fill out research and community service performance reports (2) not many of the outputs of lecturers' research results have been published, especially in indexed international or accredited national journals, so that many lecturers are still unable to become chairpersons in the scheme

certain DRTPM grant funds, which resulted in a reduction in DRTPM fund proposal submissions, (3) lecturers are still less motivated in filling in research and community service performance on the page Sinta.

Efforts have been made to encourage lecturers to carry out research and community service activities.

1. Increase the amount of regular research funds from Rp. 2,500,000 per lecturer per year to Rp. 3,000,000 per lecturer per year and community service grants from Rp. 1,500,000 per lecturer per year to Rp. 2,000,000 per lecturer per year. In addition, the Institute has offered competitive grants, assignment grants, and foreign cooperation grants for both research and community service schemes in the amount of Rp. 15,000,000 to Rp. 25,000,000.
2. Improving the quality and quantity of research and community service (Ministry of Education, Culture, Research and Technology (DRTPM, scientific research, matching fund), APBU, partners: Central Java Province and districts/cities, LPDP, DUDI through CSR, SDGs, PROPER, SROI programs.
3. Improving the quality and quantity of research and community service outputs, articles in national and international proceedings/journals, IPR, innovation products, appropriate technology, and business units resulting from research or commercialization of research products.
4. Increasing the role and number of students involved in research and lecturer community service is included in the Research and Community Service guidebook which is integrated with MBKM activities at UPGRIS.
5. Strengthening *quality control* of research and community service through online and offline by giving reviewers a role in maintaining good quality in relation to the time period.
research, process, and content of research and community service.

6. Verification of the eligibility of lecturers as head researchers and community service providers;
7. Maximizing services for uploading proposals, research reporting, and community service by LPPM staff;
8. Workshops and mentoring for research and service groups through centers

Several activities are carried out to improve research and development performance.

Community service at PGRI Semarang University is as follows.

1. Revision of the Research, Community Service, and Community Service Guidelines V2.
2. *Matching fund* assistance from proposal upload to final report.
3. Mapping of partner areas/regions/villages/groups.
4. Evaluate and check the 2022-2023 DRPM grant financial report files based on the ratio budget.
5. *Workshops* and *Coaching Clinics*: a. output-based research (Innovation Products, TTG, Commercial Products, Learning Products); b. innovation-based community service and TTG; c. writing reputable journal articles; d. preparation of research proposals and community service grants DRTPM/PUI-PT/ Research Collaboration Center (PKR)/Scientific Research; e. acceleration of journal accreditation in the Sinta-accredited UPGRIS environment and Journal indexing in DOAJ;
6. Organizing the 6th International Conference on Education and Social Science Research (ICESRE) and the National Seminar on Research Results and Community Service (SNHP) in 2023 as well as internal research and community service monitoring and evaluation activities.

By 2024, through research and community service, several innovative products have been produced, both those that have been successfully commercialized and those in the commercialization process.

PIG INTRODUCTION

In accordance with the Statutes of PGRI Semarang University, LPPM UPGRIS is the implementing element two of the three pillars of higher education, namely the pillar of research and community service community. In accordance with the 2020-2024 research strategic plan of PGRI Semarang University, LPPM Semarang PGRI University is directed towards a superior focus, namely community empowerment. marginal, then LPPM is expected to be able to carry out its role and function as:

1. planner, manager, implementer of monitoring and evaluation of the implementation of research activities and service to the community,
2. developers of science, technology and/or art to support development, especially marginalized communities,
3. facilitator of various research and community service activities carried out researchers and community service workers at PGRI Semarang University, and
4. Supervisor and developer of centers within the LPPM of PGRI Semarang University.

In carrying out these roles and functions, LPPM Universitas PGRI Semarang is assisted by by six centers, namely: 1) Community Empowerment and KKN Center (PPM and KKN), 2) Community Empowerment Center Education and Humanities Studies (P2H), 3) Center for Intellectual Property Development, Journals and Publications, 4) Center for Population, Women, and Child Protection Studies (PSKP2A), 5) Center of Excellence Innovation, Business Incubator and Downstreaming, 6) Science and Technology Development Center, and 7) Center Publishing.

The main targets of LPPM activities are based on the vision and mission of LPPM PGRI University Semarang is a) developing an academic culture that is character-based (based on values) Pancasila, struggle, solidarity, devotion and service) in research, b) produce superior, reliable, and nationally characterized research and service personnel, c) developing superior research and increasing the role of PGRI University Semarang in terms of research, community service, and international publications international, d) developing and realizing superior products resulting from research for the benefit of society, e) achieving and increasing the acquisition of IPR for the results research and developing community empowerment in the context of protecting IPR, f)

improve and realize internal and external cooperation in the field of research and community service, g) towards a Research University with character developing the relevance of character-based research and community service nation, ICT, and local excellence to improve the quality of education, global needs business and industry, and society in general.

In accordance with the role, function and targets of LPPM activities, the annual report LPPM Universitas PGRI Semarang is considered important in order to fulfill accountability management of an institution. Annual Report of the Research and Community Service Institute The PGRI Semarang University Community in 2024 provides information about achievements LPPM performance during 2024, which includes: 1) research field performance, field performance community service, and research and service output performance; 2) center activities at LPPM; 3) *Capacity Building*, and 4) cooperation with other parties.

Realization of management of research and community service activities during 2024 has been carried out in accordance with research and community service management standards community includes quality assurance and HR activities, recruitment of internal assessors, selection activity proposals, internal monitoring and evaluation, follow-up on research results, increasing researcher capacity, and award activities. The research outputs that have been achieved include scientific publications, *keynote speaker* at a scientific meeting (seminar or conference), presenter in scientific meetings, IPR, downstreaming of research results and other outputs.

CHAPTER II

RESEARCH PERFORMANCE

The Research Performance of LPPM Universitas PGRI Semarang in 2024 can be seen from realization of ongoing research programs.

2.1 Research Scheme

The number of research projects conducted by lecturers at PGRI Semarang University in 2023 calculated based on the number of titles and lecturers involved in the research. The performance of the research sector in the university's internal funding scheme (APBU) has meet targets according to the allocated budget. Based on the research scheme internal funding (APBU) of PGRI Semarang University, the number of researches conducted lecturers based on a research scheme of 118 titles and involving 272 lecturers such as as seen in Table 2.1. Lecturer involvement (81.7% of all active lecturers at UPGRIS) has quite good. However, we will continue to improve so that in the future all lecturers can involved in research activities to support the performance of the lecturer himself, the performance of the study program, faculties, institutions, and universities

Table 2.1 Number of UPGRIS Internal Funded Research Titles Based on Research Scheme

No	Scheme	Number of Titles	Number of Lecturers
1	REGULAR (BASIC/FUNDAMENTAL, DEVELOPMENT, APPLIED - EXPERTISE, APPLIED - (DOWNSTREAMING)	94	314
2	ASSIGNMENT	4	13
3	FOREIGN COOPERATION	20	68
Total		118	395

Distribution of the number of research projects, the number of lecturers involved, and the funds absorbed. In each faculty, UPGRIS internal funds in 2024 are shown in Table 2.2.

Distribution of the number of research and lecturers involved in research in each the faculty is fairly evenly distributed proportionally in terms of the number of lecturers in each faculty.

Table 2.2 Number of Research Projects by Each Faculty with UPGRIS Internal Funds in 2024

	Amount	94	314	20	68	4	13	118	395	1,456,000,000

Meanwhile, the number of research and lecturers involved in the DRTPM funding scheme as shown in Table 2.3 below.

Table 2.3 Number of Research Titles Funded by DRTPM

No	Scheme	Number of Titles	Number of Lecturers
1	Fundamental Research - Regular	14	42
2	Master's Thesis Research	13	26
3	Applied Research	5	15
4	Strategic Research Collaborations	3	10
5	Prototypes	1	2
	Amount	36	95

In this scheme, the number of titles funded is only 36 titles and the lecturers involved in research totaling 66 (19.8% of all UPGRIS lecturers). Of this number, only absorbed DRTPM funds amounting to **Rp. 3,608,583,000.00**. The number of researches, the number of lecturers from each faculty, and the funds absorbed from the DRTPM and APBU grant funds are visible in Table 2.4

2.3 Research Proposal to DRTPM in 2024

Research performance in 2024 can also be seen from the number of proposals submitted lecturers for DRTPM grant funding in 2024. Of the 111 proposals submitted that were accepted The evaluation desk only evaluated 36 proposals and only 36 proposals were approved for funding. This condition is of course it requires hard work to submit a proposal in 2025.

4.2.3 Documentation of the Center for Education and Humanities Activities

4.2.3.1 Workshop on Assisting in Writing and Publicating Scientific Articles in Journals

Nationally Accredited and Internationally Reputable

Workshop activities to assist in writing and publishing articles scientific publications in accredited national and international journals with a reputation as follow-up of research and community service activities determine the ranking of universities. Record of performance in the field This scientific publication can be seen in the Sinta Index (Science and Technology Index) lecturers and universities. The Sinta Index is a system Web-based research information offers fast, easy and comprehensive to measure the performance of researchers and educational institutions high by providing benchmarks and analysis, identifying strengths research by each institution to develop partnerships collaborative, analyzing research trends and expert directories.

This is in line with the general objectives of LPPM Universitas PGRI Semarang plays an active role as a center for research and community service. society in strengthening human resources with character and utilize local advantages to increase competitiveness nation And achievement welfare society with optimize existing resources.

The objectives of this training activity are:

- a. Providing knowledge about scientific publications and skills in preparation of scientific articles for lecturers/researchers;

- b. Improving the quality and quantity of scientific publications by lecturers accredited national journals and reputable international journals.

Figure 10 Workshop on Assistance in Writing and Publishing Scientific Articles in Accredited National and Reputable International Journals

4.2.3.2 Data Analysis Workshop in Quantitative Research Design with Structural Equation Modeling (SEM) Approach

Workshop and upgrading of data analysis in research design quantitative with an important *Structural Equation Modeling (SEM)* approach was carried out because towards the end of 2024, most researchers (both regular and DRTPM grants) within the PGRI University Campus environment Semarang is entering the data processing stage which will be followed soon

with data analysis. A set of research data can be analyzed using various different approaches or data analysis models thus producing different conclusions. The use of the right data analysis approach or model can produce appropriate conclusions that are in accordance with the needs or objectives of the research. In addition, the approach or model for analyzing research data also is an important aspect in publishing articles in international journals reputable or accredited national journals.

One approach to data analysis in research design quantitative approach is *the Structural Equation Modeling (SEM)* approach. Analysis Data analysis with the SEM approach allows researchers to test complex empirical models developed based on theory and conduct significance testing of the influence between variables. In the context of selection of data analysis approaches, research and publication enthusiasm, Center The Education and Humanities Study Program at LPPM UPGRIS needs to organize Workshop on Quantitative Research Data Analysis Techniques Using *Structural Equation Modeling (SEM)* approach to improve knowledge, competence and skills of lecturers in the field of science education and humanities in mastering data analysis techniques.

Quantitative Research Data Analysis Techniques Workshop Activities Using *the Structural Equation Modeling (SEM)* approach is aimed at For :

- a. Upgrading data analysis knowledge and skills with
using *the Structural Equation Modeling (SEM)* approach
- b. Upgrading knowledge and skills in interpreting data results from
data analysis using *the Structural Equation Modeling (SEM)* approach

Figure 11 Data Analysis Workshop in Quantitative Research Design with the Structural Equation Modeling (SEM) Approach

4.3. Center for Intellectual Property Development, Journals and Publications

4.3.1 Introduction

Center for Intellectual Property Development, Journals and Publications (PPHKIJP) LPPM Universitas PGRI Semarang is one of the seven centers under the Research and Development Institute. Community Service of PGRI Semarang University, which has the following duties and functions: encourage lecturers to always carry out research in accordance with their field respective knowledge and expertise. Every research is expected to always produce results in the form of IPR.

Center for Intellectual Property Development, Journals and Publications (PPHKIJP) LPPM Universitas PGRI Semarang in carrying out its activities involves academics in the environment UPGRIS has an interest and concern for IPR. In addition, it also strive to build mutually beneficial cooperation and social networks

with universities, local governments, the private sector and various groups communities that have the potential to play an active role in IPR research and output.

Apart from that, lecturers at PGRI Semarang University are also encouraged to produce outputs in the form of scientific publications in accredited national journals and reputable international. In addition, through the IPR Development Center, Journals and Publication (PPHKIJP) also continues to encourage improvements in quality and quality journal publications within the PGRI Semarang University environment.

4.3.2 Types of Activities and Their Realization

Center for Intellectual Property Development, Journals and Publications (PPHKIJP) LPPM Universitas PGRI Semarang has carried out the following activities in 2024:

Table 4.3 Activities of Downstream and IPR Centers

No.	Type of activity	Time Implementation	Place Implementation	Information

4.3.3 Documentation of IPR Development Center Activities, Journals and Publications

4.3.3.1 Assistance in Accelerating Scientific Journal Accreditation

This activity aims to accompany journals at PGRI University

Semarang for those who have not been accredited and whose accreditation period has expired.

This mentoring was attended by 25 managers from 25 journals. The total number of journals that...

23 journals have been accredited, 34 journals have not been accredited, and

There are 10 journals that cannot be submitted for accreditation due to

lack of publications or not yet eligible to apply for accreditation.

In this activity, all managers were given a self-evaluation sheet in the form of

Excel format to be able to assess the quality of each journal

managed, then from the IPR development center team, journals and publications

carry out mapping and improvement of the values that have been created in a systematic manner

independently by the manager. This activity also serves as a reference for the manager

journals will be the target of SINTA accreditation to be submitted.

Figure 12 Group Photo of Mentoring Participants

4.3.3.2 Workshop on Strengthening Journal Management in Preparation for Accreditation and Reaccreditation

In this activity, the Center for Intellectual Property Development, Journals and Publications was the host. home and bridge the formation of an MoU between PJKI (Journal Manager Indonesian Sports) with LPPM UPGRIS. Participants in this activity are the managers of sports journals in Indonesia, numbering 35 Participants from 32 journals participated in the event on Friday, March 1, 2024. on the 6th floor of Campus 4, PGRI Semarang University.

The background to this activity is the formation of PJKI but not yet There was a direct meeting held by the management. UPGRIS dared offered to be the host and signed an MoU.

The output of this activity is the creation of cooperation between PJKI and LPPM UPGRIS in terms of scientific publications, supporting editors and also reviewers.

Figure 13 Workshop Activities on Strengthening Journal Management in Preparation Accreditation and Reaccreditation

4.3.3.3 Journal Accreditation and Reaccreditation Assistance

This activity is a follow-up to the first activity, namely mapping. assistance in accelerating journal accreditation. After previously mapping

and assess the journals they manage themselves, the Center for Intellectual Property Development, Journal and Publications narrowed down to 17 Journals.

In this activity, we discuss the alignment of perceptions and planning.

assistance for 1 full month that the application process is accompanied

by the accreditation technical team. Each journal has a supervisor whose duties are

improve the journal layout to make it suitable and get good results during the process

accreditation application.

The output of this activity is the mapping of journals which will be focused on

17 journals have been submitted for accreditation and the centralization of journal submissions through

one door account, namely LPPM Universitas PGRI Semarang.

Figure 14 Journal Accreditation and Reaccreditation Assistance

4.7. Publishing Center

4.7.1 Introduction

Publishing is the process of creating and distributing information or literature.

in print or electronic form intended for the public. Publication

involves various activities, such as drafting, editing, illustrating,

design, promotion, and distribution.

The LPPM UPGRIS Publishing Center makes authors known to the public. In

When publishing a book, there are several processes carried out by the publisher, including:

namely, searching for manuscripts, selecting manuscripts, making agreements with authors,

assigning ISBNs to manuscripts, printing manuscripts, and distributing/marketing books.

4.7.2 Types of Activities and Their Realization

No.	Type of activity	Time Implementation	Place Implementation	Participants/Remarks and/or as appropriate
1.	Book Writing Training Teach	18 November 2024	5th Floor Hall Postgraduate	80 Lecturers
2.	ISBN Management	Throughout 2024	Center Publishing	40 ISBN
3.	Management UPGRIS.Press	Throughout 2024	Center Publishing	279 Book Titles
